

## **Major Project-I (01CE0716) & Major Project-II (01CE0807) Report Guidelines**

**Following are the guidelines for the preparation of 7<sup>th</sup> Semester Major Project-I Report.**

**PAPER:** Use A4 (210mm X 297mm) Paper.

**MARGINS:** Margins for pages including the regular text should be as below:

|        |   |             |
|--------|---|-------------|
| Left   | : | 1.25 Inches |
| Right  | : | 1.0 Inch    |
| Top    | : | 1.0 Inch    |
| Bottom | : | 1.0 Inch    |

**CONTENTS:** Following should be the order of contents for the report. This order should be strictly maintained.

- I. Cover Page**
- II. Institute Certificates/NOC/Offer Letter/Internship Certificate**
- III. Candidate's Declaration**
- IV. Acknowledgement**
- V. Abstract**
- VI. Table of Contents (Format given at the end)**
- VII. List of Figures (Format given at the end)**
- VIII. List of Tables (Format given at the end)**
- IX. List of Symbols, Abbreviations and Nomenclature**
- X. Chapters 1 to n (ALL CHAPTERS MUST START FROM NEW PAGE ONLY)**
- XI. Appendices**
- XII. References / Bibliography**
- XIII. Regular Report Diary**
- XIV. Internship Attendance Record**
- XV. Patent IDF Form**
- XVI. Consent Letter for Patent**
- XVII. Project Outcome Documents (First Page of Research Paper Draft & Submission documents, Start Up approval/registration documents/website or app publication documents)**
  - 1 Cover Page & Title Page – A specimen copy of the Cover page & Title page of the project report are given in Appendix 1.
  - 2 Certificate – The Certificate shall be in double line spacing using Font Style Times New Roman and Font Size 14, as per the format in Appendix 2 (University Certificate).
  - 3 Declaration – The candidate's declaration shall be in double line spacing using Font Style Times New Roman and Font Size 14, as per the format in Appendix 3.
  - 4 Acknowledgement - The Certificate shall be in double line spacing using Font Style Times New Roman and Font Size 12

- 5 Abstract – Abstract should be one page synopsis of the project report typed 1.5 line spacing, Font Style Times New Roman, italics and Font Size 14. It should contain the objectives of the project.
- 6 Table of Contents – The table of contents should list all material following it as well as any material which precedes it. The title page and Certificate will not find a place among the items listed in the Table of Contents but the page numbers of which are in lower case Roman letters. One and a half spacing should be adopted for typing the matter under this head. A specimen copy of the Table of Contents of the project report is given in Appendix 4.
- 7 List of Figures – The list should use exactly the same captions as they appear below the figures in the text. One and a half spacing should be adopted for typing the matter under this head. A specimen copy of the Table of Contents of the project report is given in Appendix 5. Figure copied from some paper or website has to be captioned with “Courtesy of \_\_\_\_”
- 8 List of Tables – The list should use exactly the same captions as they appear above the tables in the text. One and a half spacing should be adopted for typing the matter under this head. A specimen copy of the Table of Contents of the project report is given in Appendix 6.
- 9 List of Symbols, Abbreviations and Nomenclature – One and a half spacing should be adopted or typing the matter under this head. Standard symbols, abbreviations etc. should be used. A specimen copy of the Table of Contents of the project report is given in Appendix 7.
- 10 Chapters – The chapters may be broadly divided as given in Appendix 8.

The main text will be divided into several chapters and each chapter may be further divided into several divisions and sub-divisions, as required.

  - Each chapter should be given an appropriate title.
  - Tables and figures in a chapter should be placed in the immediate vicinity of the reference where they are cited.
  - Footnotes should be used sparingly. They should be typed single space and placed directly underneath in the very same page, which refers to the material they annotate.
- 11 Appendices – Appendices are provided to give supplementary information, which is included in the main text may serve as a distraction and cloud the central theme.
  - Appendices should be numbered using Arabic numerals, e.g. Appendix 1, Appendix 2, etc.
  - Appendices, Tables and References appearing in appendices should be numbered and referred to at appropriate places just as in the case of chapters.
  - Appendices shall carry the title of the work reported and the same title shall be made in the contents page also.

- 12 List of References –The listing of references should be typed 4 spaces below the heading “REFERENCES” in alphabetical order in single spacing left – justified. References must be as per the IEEE format.

Website citation has to be very specific not like ‘google.com’ or ‘wikipedia.org’.

Figure copied from some paper or website has to be captioned with “Courtesy of”

A typical illustrative list given below relates to the citation example quoted above.

## REFERENCES

- [1] Aripnammal, S. and Natarajan, S. (1994) ‘Transport Phenomena of Sm Sel – X Asx’, Pramana – Journal of Physics Vol.42, No.1, pp.421-425.

- [3] Shin, K.G. and Mckay, N.D. (1984) ‘Open Loop Minimum Time Control of Mechanical Manipulations and its Applications’, Proc.Amer.Contr.Conf., San Diego, CA, pp. 1231-1236.

- **Table and figures** - By the word Table, is meant tabulated numerical data in the body of the project report as well as in the appendices. All other non-verbal materials used in the body of the project work and appendices such as charts, graphs, maps, photographs and diagrams may be designated as figures.

## **FOLLOWING MUST BE STRICTLY FOLLOWED**

|                  |                   |
|------------------|-------------------|
| TOP-RIGHT CORNER | : Chapter Heading |
| BOTTOM-CENTER    | : Page number     |

## **NUMBERING**

All pages in the report **except the cover pages and dedication page** must be numbered. All the page numbers should be located at the BOTTOM CENTER of the page.

The page numbering starting from candidate’s declaration up to the beginning of the chapters should be numbered in small roman letters, i.e. i, ii, ...

The page numbering starting from the beginning of Chapter 1 up to the end of the report, should be numbered in Arabic numerals, i.e. 1,2, 3,....

## **PREPARATION OF CHAPTERS**

### **Color:**

All the text including Tables should be Black prints. However, Graphs and Figures can have color prints.

### **Font :**

**Chapter Headings** : Times New Roman 16pts, bold print all capitals

**Section Headings** : Times New Roman 14 pts, bold print all capitals

**Subsection Headings** : Times New Roman 12 pts, bold print leading capitals (only first letter in each word should be capital

**Regular Text** : Times New Roman 12 pts, normal prints

**Special Text** : Times New Roman Italics 12 pts (for foot notes, symbols, quotes, Mathematical notations....)

## **SPACING/ALIGNMENT**

Use 1.5 spacing between lines of regular text

Use double spacing between:

1. Paragraphs
2. Chapter title and section Heading
3. Section heading and paragraphs
4. Table Title and Table
5. Figure Title and Figure

Use single spacing between:

1. text corresponding to bullets, listing and quotes in the main body of text

All paragraphs in the report are to be fully justified from the first line to the last line and should start from left without any hyphenation/indent. Text corresponding to bullets, listings and quotes in the main body of text should be indented.

## **SECTION/SUBSECTION NUMBERING**

Section numbering should be left justified using bold print with Arabic numerals and decimals.

Section numbering: <Chapter.Section number> <3 blanks> Section heading

Example: 1.1, 2.1

Subsection numbering: <Chapter.Subsectionnumber>

Example: 1.2.1

## **EQUATIONS/FORMULAS**

Numbering for equation if necessary, should be done in the following format: (Chapter number. Equation serial number) Example:

$$Y = mx + b \quad (3.1.1)$$

**FIGURES:** Figures should follow immediately after/on immediate next page after they are referred to for the first time in the text. Figure headings should be given at the bottom of the figure. All the figures in landscape format must be placed in such a way that their top portions are to the left side of the page. However, numbering should be at the bottom of the report for landscape page (similar to the next page). All figures are to be central aligned on the page.

Format for Figure Heading:

Fig. <blank> Chapter number. Figure Serial number <3 blanks> Figure title (center aligned, leading caps)

Example:

Fig 6.13 Typical Component Event

## **DIAGRAMS:**

Diagrams larger than A4 size are not encouraged. If larger sizes are absolutely necessary, they should be folded to A4 size. Each drawing is to be numbered and referred to as Figures only. Diagram title should be similar to figure titles.

## **TABLES:**

Tables should follow immediately after/on immediate next page after they are referred to for the first time in the text. Table heading should be given at the top of the table. All the tables in landscape format must be placed in such a way that their top portions are to the left side of the page. However, numbering should be at the bottom of the report for landscape page. All tables are to be central aligned on the page.

Format for Table heading:

Table <blank> Chapter number. Table Serial number <3 blanks> Table Title (center aligned, leading caps) Example:

Table 6.13 Comparison of methods

|  |  |  |
|--|--|--|
|  |  |  |
|  |  |  |

**EXPERIENCE** : Candidate should include the environment and support provided by the respective company, co-operation of the people. Please mention if the job has been offered.

**Internship Photograph Requirement:** Every student is required to submit photographs taken during the internship at the host IT company. The student must be clearly visible in all photographs, and the background must clearly show the company's office premises (e.g., workstation, development area, reception, meeting room, or company signage) to serve as evidence of physical presence at the internship location. (4 to 5 per week)

Photographs that do not clearly establish the student's presence within the company premises may not be accepted for internship verification.

### **BINDING :**

- **7<sup>th</sup> Semester:** The Institute Report Copy should be **Spiral Bounded (color printouts)**.
- **8<sup>th</sup> Semester:** The Institute Report Copy should be **Hard Bounded (color printouts)**. The cover page should be black and print in **gold letters** and the text for printing should be identical.

### **REGARDING NUMBER OF PROJECT REPORT COPIES:**

- **7<sup>th</sup> Semester:**  
The student/group must submit total: 1 Institute copy (needs to be submitted to Internal Guide)
- **8<sup>th</sup> Semester:**  
The student/group must submit total: N (no. of students) + 1 Institute copies  
  
Only Institute Copy should be hard bound, rest copies should be spiral bound (all copies with color printouts). In Institute copy (hard bound) needs to be submitted to Internal Guide.

## Appendix 8

### Details of Chapters

- 1.0 Overview of the Company (for internship students only)
  - 1.1 History
  - 1.2 Different product / scope of work
  - 1.3 Organization chart
  - 1.4 Capacity of plant
- 2.0 Overview of different plant/unit/department of the organization and Layout of the production/process being carried out in company (for internship students only)
  - 2.1 It includes the details about the work being carried out in each department.
  - 2.2 List the technical specifications of major tools/technologies used in each department.
- 3.0 Introduction to Project / Internship and Project / Internship Management
  - 3.1 Project / Internship Summary – Key To a good summary is the FIRST sentence, which MUST contain the most essential information that you wish to convey.
  - 3.2 Purpose
  - 3.3 Objective
  - 3.4 Scope (what it can do and can't do)
  - 3.5 Technology and Literature Review
  - 3.6 Project / Internship Planning
    - 3.6.1 Project / Internship Development Approach and Justification
    - 3.6.2 Project / Internship Effort and Time, Cost Estimation
    - 3.6.3 Roles and Responsibilities
    - 3.6.4 Group Dependencies
  - 3.7 Project / Internship Scheduling (Gantt Chart/PERT/Network Chart)
- 4.0 System Analysis (for internship & project students both)
  - 4.1 Study of Current System
  - 4.2 Problem and Weaknesses of Current System
  - 4.3 Requirements of New System
  - 4.4 System Feasibility
    - 4.4.1 Does the system contribute to the overall objectives of the organization?
    - 4.4.2 Can the system be implemented using the current technology and within the given cost and schedule constraints
    - 4.4.3 Can the system be integrated with other systems which are already in place?
  - 4.5 Activity / Process in New System / Proposed System
  - 4.6 Features of New System / Proposed System
  - 4.7 List Main Modules / Components / Processes / Techniques of New System / Proposed System
  - 4.8 Selection of Hardware / Software / Algorithms / Methodology / Techniques /

## Approaches and Justification

### 5.0 System Design (for internship & project students both)

#### 5.1 System Design & Methodology

#### 5.2 Database Design / Data Structure Design / Process Design / Structure Design / ER Diagram / DFD /UML etc.

#### 5.3 Input / Output and Interface Design (If applicable)

##### 5.3.1 State Transition Diagram (optional)

##### 5.3.2 Samples of Forms, Reports and Interface

##### 5.3.3 Access Control / Mechanism / Security (If applicable)

### 6.0 Implementation & Testing (for internship & project students both)

#### 6.1 Implementation Platform / Environment

#### 6.2 Process / Program / Technology / Modules Specification(s)

#### 6.3 Module wise Implementation

#### 6.4 Module wise Finding / Results / Outcomes

#### 6.5 Result Analysis / Comparison / Deliberations

#### 6.6 Testing Plan / Strategy

#### 6.7 Test Results and Analysis

##### 6.7.1 Test Cases (test ID, test condition, expected output, actual output, remark)

### 7.0 Conclusion and Future Enhancements (for internship & project students both)

#### 7.1 Overall Analysis of Internship / Project

#### 7.2 Problem Encountered and Possible Solutions

#### 7.3 Summary of Internship / Project work & internship experience

#### 7.4 Limitations

#### 7.5 Future Enhancement
